Dear Patients,

We at Medical Options for Wellness feel blessed and grateful for the trust and faith you have placed in us to help you regain your health. During the past few years, we have grown exponentially with new patients seeking help from our medical practice from all over the country and abroad. Unfortunately, I am reaching the limit on the number of new patients that we are able to accept. Therefore, I am asking for your help in finding another doctor who would be able to join us.

The ideal candidate would have some prior knowledge/experience in treating Lyme and tick borne infections or at least have a background in Functional Medicine. I would be happy to train them in my unique approach to treating patients with complex combinations of Lyme disease, mold illness, PANS/PANDAS, Mast Cell Activation Syndrome, chronic viral syndrome, and other illnesses that our patients frequently suffer from. The new doctor would need an active license in the state of California as an MD, DO (Doctor of Osteopathic Medicine), ND (Naturopathic Doctor), PA (Physician Assistant), or NP (Nurse Practitioner).

Please spread the word. We need your help in finding the right doctor who can deliver the same quality of care you have come to expect from us. A generous Finder's Fee will be awarded to the individual who refers the doctor who is successfully hired and who joins our medical family.

With Gratitude,

Raj Patel, M.D.
